Welcome to IWS

Customer Welcome Pack

How we work with you to deliver safe, reliable, quality support.

INSIDE THIS PACK

About IWS · Our workers · Booking shifts · Your role on site · Incidents · Rates and invoices · Feedback · Key contacts · Getting started

Version 1.0 | October 2026

01 Welcome

Dear **[Customer name]**,

Thank you for choosing Interactive Workforce Solutions. We supply screened, trained support workers so your participants get consistent, quality support and your team gets reliable cover.

This pack explains how to book workers, what we check before anyone arrives at your site, how we share safety duties with you, and how invoicing works. Your **service agreement** with IWS sets out the formal terms; where this pack and the agreement differ, the agreement applies.

Michael Sibanda
Director, Interactive Workforce Solutions

Our promise to you

Only fully screened workers. No worker is rostered until every check is complete and recorded.

Clear communication. Shift confirmations, changes and any issue, as soon as we know.

A real person on call whenever an IWS worker is on shift at your site.

Accurate invoices backed by clock-in and clock-out records.

02 About IWS

IWS supplies casual support workers and independent contractors to registered NDIS providers and care organisations. Our workers work at your sites, under your support plans and site procedures, with IWS managing their screening, training records, rostering, pay and conduct.

Service	What it covers
Regular rostered shifts	Ongoing shifts with a consistent worker or small team, so participants see familiar faces
Short-notice cover	Sick leave, emergencies and unexpected gaps
Planned cover	Annual leave, school holidays, new participants or extra support periods
Shift types	**[Day, evening, active night, sleepover, weekend, public holiday: confirm what IWS offers]**
Support types	**[Personal care, community access, SIL, high intensity daily activities: confirm what IWS offers]**

03 Our workers: what we check

Before a worker is offered a shift at your site, IWS sights the original document, records the expiry date and stores it in our workforce system. You can ask to see any worker's compliance summary at any time.

Check	Detail
NDIS Worker Screening Check	Cleared and verified on the NDIS Worker Screening Database. We can link the worker to your organisation if you require it.
NDIS Worker Orientation Module	"Quality, Safety and You" certificate
NDIS Code of Conduct	Signed acknowledgement
First Aid and CPR	HLTAID011, with CPR refreshed every 12 months
Infection control	Training certificate, plus vaccinations where your site requires them
Manual handling	Training record
Working With Children Check	Where any participant or household member is under 18
Driving	Licence, registration and comprehensive insurance, where the worker drives participants
Right to work	Verified
Contractors only	Active ABN, public liability and personal accident cover (certificates of currency on file)
Specialist training	Matched to your participants' needs: e.g. medication, mealtime/dysphagia, epilepsy, behaviour support **[list what IWS can supply]**

Tell us what your site needs

If your participants need specific skills, gender preferences, languages or cultural matches, tell us when you book. We will only place workers who meet them.

04 Booking shifts

How to request a worker

Book by phone on **+61 493 716 007** or email **michael.sibanda@interactivews.com**. For each shift, please give us:

- ☐ Site name and address, and parking or entry instructions
- ☐ Date, start and finish times, and shift type (e.g. active night or sleepover)
- ☐ Number of workers and any skills, training or gender requirements
- ☐ Name and phone number of the shift lead the worker reports to
- ☐ Any current risks the worker must know before arriving

What happens next

1. **We confirm** the booking and the worker's name by **[method]**, usually within **[X hours]**.
2. **The worker receives** the site details and shift lead contact through our app, Connecteam.
3. **The worker clocks in** on arrival and clocks out at finish. These records support your invoice.
4. **On the first shift** at your site, your shift lead completes the IWS Customer Site Induction Checklist with the worker.

Request type	Notice we need
Regular rostered shifts	**[e.g. 7 days]**
One-off shifts	**[e.g. 48 hours]**
Urgent cover	Call **[on-call number]**. We'll do our best and tell you quickly if we can't fill it.

05 Your role as the host site

Under the NSW Work Health and Safety Act 2011, when an IWS worker is at your site, **both IWS and your organisation owe that worker a duty of care**. The law requires us to consult, cooperate and coordinate with each other. In practice, we ask you to:

You provide	Why it matters
A site induction on each worker's first shift, using the IWS checklist	Workers cannot work alone until they know the site, the people and the emergency plan
Access to support plans, risk assessments and health plans	Workers must read the plans before giving support
A named shift lead the worker reports to	Clear direction, and someone to escalate to on shift
Safe systems of work, equipment and PPE	Hoists, slide sheets, gloves and other equipment in the participant's plan
Information about any new or changed hazard	So we can brief the worker and adjust the placement
Your incident form and process	So incidents are recorded the same way as your own staff

Please don't ask workers to step outside their training

For example: giving medication they are not trained or authorised to give, using a restrictive practice that is not authorised, or performing a two-person transfer alone. Workers are told to stop and call IWS if this happens.

06 Incidents and concerns

If an incident happens while an IWS worker is on shift, the worker will:

- make the participant safe and call 000 if needed
- tell your shift lead immediately
- call IWS on-call immediately
- complete your incident report the same shift

As the registered provider, **your organisation notifies reportable incidents to the NDIS Commission** within the required time (usually 24 hours). IWS will cooperate fully: we provide worker statements, rostering and clock-in records, and take any action needed with the worker.

Please tell us

- about any incident involving an IWS worker, **on the same day**
- about any concern with a worker's conduct, skills or reliability, so we can act quickly

- if you would prefer a particular worker not to return to your site
- if you'd like to request a regular worker, so participants get consistent support

07 Rates, timesheets and invoices

Item	How it works
Rates	Hourly rates by shift type (for example Weekday AM, Weekday PM, night, Saturday, Sunday, public holiday and sleepover), as set out in your rate schedule. **[Attach rate schedule]**
Minimum shift	**[e.g. 2 hours]** per worker per shift
Hours charged	Based on the worker's clock-in and clock-out records, as confirmed by your shift lead
Overtime and extensions	Shifts extended at your request are charged at the applicable rate. Please tell IWS of any extension.
Travel and kilometres	**[If charged: rate per km for participant transport, per your rate schedule]**
Invoice cycle	Weekly, per site, with a line for every shift: date, worker, shift type, rate and hours. Hours found after a week is invoiced (for example a shift that ran past its rostered finish) are billed on a supplementary invoice at the standard rate.
Payment terms	**[e.g. 14 days]** from invoice date
GST	IWS is registered for GST. Rates are quoted excluding GST, and 10% GST is added on each tax invoice.
How to pay	By EFT to the account shown on each invoice. Please use the invoice number as the payment reference.
Invoice disputes	Raise within **[7 days]** of the invoice. Undisputed amounts remain payable on time.

Cancellations

When you cancel	What is charged
More than **[X hours]** before the shift	No charge
Less than **[X hours]** before the shift	**[e.g. Minimum shift or full shift charge]**
Worker turned away on arrival	**[e.g. Full shift charge]**

If IWS needs to cancel or replace a worker, we will tell you as early as possible and offer a replacement.

Engaging our workers directly

Please speak to us before offering an IWS worker direct employment or private work. Your service agreement explains how this is handled. **[Confirm the clause in your service agreement.]**

08 Privacy and confidentiality

- IWS workers sign a confidentiality agreement and follow the NDIS Code of Conduct.
- We only share worker information you need to manage safe placements.
- Please share participant information with our workers on a need-to-know basis, and keep records at your site.
- IWS handles personal information under the Privacy Act 1988 and the Australian Privacy Principles. **[Link to IWS privacy policy]**

09 Feedback and complaints

We want to know what's working and what isn't. Feedback helps us place the right workers with you.

1. Call or email your IWS coordinator. Most issues are fixed on the same day.
2. If not resolved, contact the Director at michael.sibanda@interactivews.com. We will acknowledge within **[2 business days]** and aim to resolve within **[X business days]**.
3. Participants and families can also contact the **NDIS Quality and Safeguards Commission** on **1800 035 544**.

10 Key contacts

Who	When to contact	Details
IWS on-call	Urgent cover, incidents, worker running late or unwell	**[On-call phone, hours]**
Bookings and rosters	New bookings, changes, regular worker requests	+61 493 716 007 michael.sibanda@interactivews.com
Accounts	Invoices, rates, payment queries	michael.sibanda@interactivews.com
Director	Service agreement, escalations and complaints	Michael Sibanda michael.sibanda@interactivews.com
NDIS Commission	Complaints and concerns about NDIS supports	1800 035 544 | ndiscommission.gov.au

11 Getting started checklist

To set up your account, please complete and return the following to **michael.sibanda@interactivews.com**:

- ☐ Signed service agreement and rate schedule
- ☐ Accounts contact and invoicing email address
- ☐ List of sites, with addresses, access and parking details
- ☐ Shift lead or house manager name and phone number for each site
- ☐ Skills, training and worker preferences for each site
- ☐ Copies of key site policies workers must follow (e.g. incident, medication, emergency)
- ☐ Any vaccination or extra screening requirements
- ☐ Confirmation of who will complete the IWS Customer Site Induction Checklist at each site
